2. SCHOOL IMPROVEMENT GOALS

2.1 Creating Improvement Goals

Creating Improvement Goals

Effective goals assist districts and schools in attaining collective agreement about what work needs to occur for improvement to take place. Goals should focus and prioritize efforts and resources of the district/school to the previously identified needs and create a focus for improvement. Setting goals should be a strategic process which aligns the goals within one of the five systems: Coherent Instruction, Effective Leadership, Professional Capacity, Family and Community Engagement, or Supportive Learning Environment.

There are several categories of goals which may be used in school improvement but the one type which focuses on improving results and not just enhancing processes is a SMART goal. SMART is an acronym for:

Specific	Measurable	Attainable	Relevant	Time-Bound
-----------------	-------------------	-------------------	-----------------	-------------------

An example of a SMART goal is:

By the end of the school year 2017 - 2018, all teachers will have training and be included in a PLC for their content-specific area.

Enter the school's two to four overarching needs and related root causes, as identified in the Comprehensive Needs Assessment 2017 - 2018 School Report. Use the codes below to list the structures addressed through the goal within each system. For each system, identify one to six action steps that will be taken to address the root causes that have created the overarching need. Finally, identify any supplemental action steps necessary to ensure the necessary supports are in place for the listed subgroups.

SCHOOL IMPROVEMENT PLAN

3 Required Questions

Required Questions

<p>1 In developing this plan, briefly describe how the school sought advice from individuals (teachers, staff, other school leaders, paraprofessionals, specialized instructional support personnel, parents, community partners, and other stakeholders) was accomplished.</p>	<p>We sought advice from everyone by sharing multiple pieces of data. We then had data discussions based on what we analyzed about the data. This included discussing misconceptions of the students. We were then able to discuss next steps to address the weaknesses.</p>
<p>2 Describe how the school will ensure that low-income and minority children enrolled in the Title I school are not served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers.</p>	<p>All teachers will meet professional qualifications based on information given from HR.</p>
<p>3 Provide a general description of the Title I instructional program being implemented at this Title I School. Specifically define the subject areas to be addressed and the instructional strategies/methodologies to be employed to address the identified needs of the most academically at-risk students in the school. Please include services to be provided for students living in local institutions for neglected or delinquent children (if applicable).</p>	
<p>4 If applicable, provide a description of how teachers, in consultation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement multiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale (point system) that uses the objective criteria to rank all students.</p>	<p>NA</p>

<p>5 If applicable, describe how the school will support, coordinate, and integrate services with early childhood programs at the school level, including strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.</p>	<p>Rigdon Road have parent conferences that provides families with support and strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.</p>
--	---

<p>6 If applicable, describe how the school will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including: Coordination with institutions of higher education, employers, and local partners; and Increased student access to early college, high school, or dual or concurrent enrollment opportunities or career counseling to identify student interest and skills.</p>	<p>NA</p>
---	-----------

<p>7 Describe how the school will support efforts to reduce the overuse of discipline practices that remove students from the classroom, specifically addressing the effects on all subgroups of students.</p>	<p>PBIS is an evidence-based, data driven framework proven to reduce disciplinary incidents, increase Rigdon's sense of safety and support improved academic outcomes. Continual training and classroom re-delivery combined with feedback of positive student behavior will reduce unnecessary discipline and promote a clime of greater productivity, safety and learning. Disciplinary data and principles of behavior analysis are utilized to develop school-wide, targeted, and individualized interventions and supports to improve school climate for all students at Rigdon Road.</p>
