School Improvement Plan
2021-2024

2020-2021 SIP Review

Instructional Goal: By May of 2021, 100% of teachers will engage in consistent student data analysis to ensure effective differentiation to support optimal student academic growth as measured by student growth data and walk through data.

Goal Met at 100%!

2020-2021 SIP Review

Climate Goal: By May of 2021, 100% of teachers will implement strategies of whole child student supports through multiple research based strategies as measured through artifacts of implementation and meeting notes.

Goal Met at 100%!

2021-2024 CNA

Newly developed, all-inclusive template was followed.

Identified opportunities for growth include:

- 1. Strong writing skills**
- 2. PBIS consistency**
3. Personalized Learning
4. Rigor in the classroom

2021-2024 SIP

Instructional Goal: By May 2024, 100% of teachers will have writing performance tasks embedded within each of the six IB units of inquiry as measured by IB unit planners and student writing products.

2021-2024 SIP

Climate Goal: By May 2022, 100% of faculty and staff will actively participate in PBIS training and implementation as measured by data meetings, walkthroughs, and teacher surveys.

2021-2024 SIP

- Short term goals for development & implementation
- Commitment to continued monitoring and SIP updates
- Essential PD focus established
