## NEWS RELEASE

### Pre-K Registration March 2009

(Columbus, GA)-The month of **March** is the time for parents to register their children for Pre-K. Registration applications may be obtained and completed at all neighborhood elementary schools and the MCSD Central Registration at the **Columbus Roberts Center**, 539 Brown Avenue.

The Pre-K program is open to students who are four years old on or before September 1, 2009. All parents or legal guardians should bring to the registration their proof of address, verification of the child's date of birth and the child's social security card.

Unfortunately, we do not have space to accommodate all children applying to the program. In order for every student to be given an equal opportunity, the classes are filled randomly. Priority is given to students living within the school's attendance zone. Priority is also given to any student applying during the month of March.

All applications received during March will be coded for attendance zone and entered into a database. After all names are entered, a random number will be assigned to each application. Classes will be filled according to the child's lottery number with priority given to any student living in the attendance zone. Parents will be notified of school assignments as soon as possible.

We are committed to quality programs for our young children and look forward to providing a positive experience for your child. For more information contact the Pre-K Office, (706) 748-2118, [ljohnson@mcsdga.net](mailto:ljohnson@mcsdga.net) or [tmccrea@mcsdga.net](mailto:tmccrea@mcsdga.net).
